MOVINGFORWARD

In accordance with the requirements contained within the proposed Constitutional Amendment 7, the following draft regional project lists were produced by local transportation planning organizations working with the Missouri Highways and Transportation Commission. These draft regional project lists are now available for public input and comment.

DRAFT PROJECT LIST

Entire Statewide Project List - (PDF - 28 pages 1.19MB)

For Project list by Region, click on the map below.

PUBLIC MEETINGS

The public is invited to attend the open house-style meetings at any time during the advertised hours to speak to regional planning partners and MoDOT representatives. No formal presentations will be made. RSVPs are not required. **Additional public meetings will be added as confirmed; check back often for up-to-date schedule.**

NORTHWEST DISTRICT

TIMELINE

- **May 2014:** Both bodies of the Missouri General Assembly overwhelmingly approved legislation that would put a transportation sales tax measure before Missouri voters.
- **May 23, 2014:** Governor Jay Nixon placed the transportation sales tax amendment on the August 5, 2014 primary election ballot.

- **May-July 2014:** MoDOT will work with citizens, transportation partners, elected officials and community leaders to solicit feedback on project lists in each transportation region. Draft project list will be released and posted for public comment at 12 p.m., June 13. The comment period will close at 5 p.m., July 3.
- **July 9, 2014:** Final project list and public comments received will be submitted to the [Missouri Highways and Transportation Commission \(MHTC\)](#) for their consideration and approval.
- **August 5, 2014:** Election Day

FACTS ABOUT THE AMENDMENT 7

- Will provide an estimated **\$5.4 billion** in funding for transportation projects over 10 years (2015-2025)
- The measure provides that 90 percent of the revenue, an estimated \$480 million annually, will go toward state transportation initiatives. Ten percent, or an estimated \$54 million annually, will be split among cities and counties for transportation projects.
- The sales tax increase **will not** be applied to purchases of medicine, groceries and gasoline.
- Fuel taxes **will not** increase and toll roads **will not** be implemented over the 10-year time period.
- The sales tax revenues can be used for ANY transportation purpose (road and bridge improvements, urban and rural transit, friendlier bike and pedestrian accommodations, improvements in rail, ports and airports).
- Every region will prioritize the projects to meet the direct transportation needs of residents and businesses in their communities.
- The regional project priority lists will be completed in June. A statewide list will be presented to the MHTC for its approval at a meeting in Jefferson City on July 9.

FEEDBACK FORM:

Thank you for your comment on the regional project priority lists. We appreciate the continued feedback from all Missourians.

Which transportation region do you live in?

Comments:

*Fields must be completed to submit comments.

While MoDOT cannot advocate for any particular ballot measure or funding solution, it is the department's responsibility as Missouri's transportation expert to educate customers about the value of transportation improvements and their role in improving safety, creating jobs and providing for the prosperity of the state's economy.
